

A report on First year Architectural Design case study at Ujlaiwadi, Kolhapur on Saturday 5/10/19.

As per syllabus, case study for First Year Architectural design was conducted at a weekend house at Ujlaiwadi on Saturday 5/10/19 for their Residential unit assignment. The farmhouse was designed by our alumni Ar. Umesh Raje.

It was a weekend house in laterite stone with living, kitchen ,dining two bedrooms and well designed landscape with swimming pool. It was a good exposure for students to study these spaces and interact with Ar. Umesh Raje.

Students were asked to produce work group-wise on interior, exterior and landscape elements of the house.
