Brief description of the activity

A visit to Hirashree Lake City Apartment at Rankala was arranged to study Cluster Design and Planning. The aim was to study and understand the space for Cluster unit and analyze the planning and to determine road typologies.

The students observed different units, Apartments, row bungalows, circulation of the housing surroundings with all the entry & exits. The students visited and analyzed the various spaces like club house, multipurpose hall, service areas, recreational areas. This information will be used by individual students in their respective Cluster design process.

Outcome of the activity

The students thoroughly understood design spaces for cluster planning as per the requirements.
