**Activity Report**

**IGBC AP (ASSOCIATE PROFESSIONAL) CRASH COURSE**

Name of activity	<b>IGBC AP (Associate Professional) Crash Course</b>
Course	-
Year	2023
Academic Year	2023-24
Date	11 <sup>th</sup> September 2023 (11.15 PM to 12.30 PM)
Category	Co-Curricular
Name of resource person/s	Dr. Rekha Maulati
Faculty coordinator/s	Prof. Neela Jirge, Prof. Pooja Jirge, Prof. Gouri Mhetar
No. of beneficiaries	20 students
Class & Division	Fifth Year Architecture & Fourth Year Civil Engineering
CO mapped	-
PO mapped	PO1, PO7, PO12
PO gap identified as per previous year	-
PSO mapped	PSO 1

**Brief description of the activity** -The IGBC Accredited Professional (AP) Crash Course was organized to provide participants with a focused and intensive understanding of green building concepts, IGBC rating systems, and sustainable design practices. The program aimed to prepare attendees for the IGBC AP examination by covering core topics such as energy efficiency, water conservation, material selection, indoor environmental quality, and integrated sustainable design strategies. Through expert-led sessions, the course offered practical insights and case studies to enhance participants' knowledge and readiness for professional certification

**Outcome-**

The IGBC AP Crash Course enhanced participants' understanding of sustainable building principles and IGBC rating methodologies. Attendees gained the knowledge and confidence required to appear for the IGBC AP examination, along with practical insights for applying green building strategies in real-world projects. The program also fostered awareness of environmental responsibility and the role of professionals in promoting sustainable development.
