**Brief description of the activity**

A visit to Tatyasaheb Kore Military Academy at Nave Pargaon was arranged to study Military School. The aim was to study and understand the design spaces for various activities in the military school with proper circulation.

The students observed inside & outside circulation of the military school with all the entry & exits. The students checked & measured the various laboratories & classrooms as per the need for Primary health care. This information will be used by individual students in their respective design process.

**Outcome of the activity**

The students thoroughly understood design spaces for Military Schools as per the requirements.
